Maple Grove, MN 55369

Our firm has been working with Jean Olson for the nine years I have been employed at Tanek. I want to make you aware of the exceptional customer service we have received from Jean over the years.

Jean is always available to answer any questions that our staff or myself may have. Supplies are here darn near instantly when ordered through Jean!

I have always found Jean to be exceptionally personable and easy to work with. She is committed to finding us the best possible equipment at the fairest rate. I would not even consider working with another firm or sales rep for our printing needs!

I hope you know what an asset she is to your firm.

Sincerely,

Debby Prudhomme  
Office Manager
